## FISCAL ANALYSIS

### ASSUMPTION

Officials of the **Department of Economic Development- Professional Registration** stated that this proposal would have no fiscal impact upon any of their divisions.

Officials of the **Department of Natural Resources** assume no fiscal impact.

**Oversight assumes that municipalities would have no fiscal impact, however, this proposal states that, upon dissolution of a scatter garden, the operator would submit all records of cremains to the City Clerk. Oversight assumes that there would not be a great number of scatter gardens within the state, and of those created, Oversight assumes there would be few dissolutions. City Clerks who would store all records of a scatter garden would experience some administrative duties, however, Oversight assumes any administrative impact would be insignificant.**

### DESCRIPTION

This bill allows the operator of a religious cemetery adjacent to a church or other building used as a place of worship to scatter human cremains in a scatter garden. Operators who have a scatter garden must maintain the garden and are responsible for all cost of maintenance. Operators must also maintain a record of all cremains scattered in the scatter garden. Upon dissolution of a scatter garden, all records must be transferred to the clerk of the appropriate political subdivision. A scatter garden is defined as a location for the spreading of cremains set aside within a cemetery.

DESCRIPTION (continue)

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
